Great King of Evil

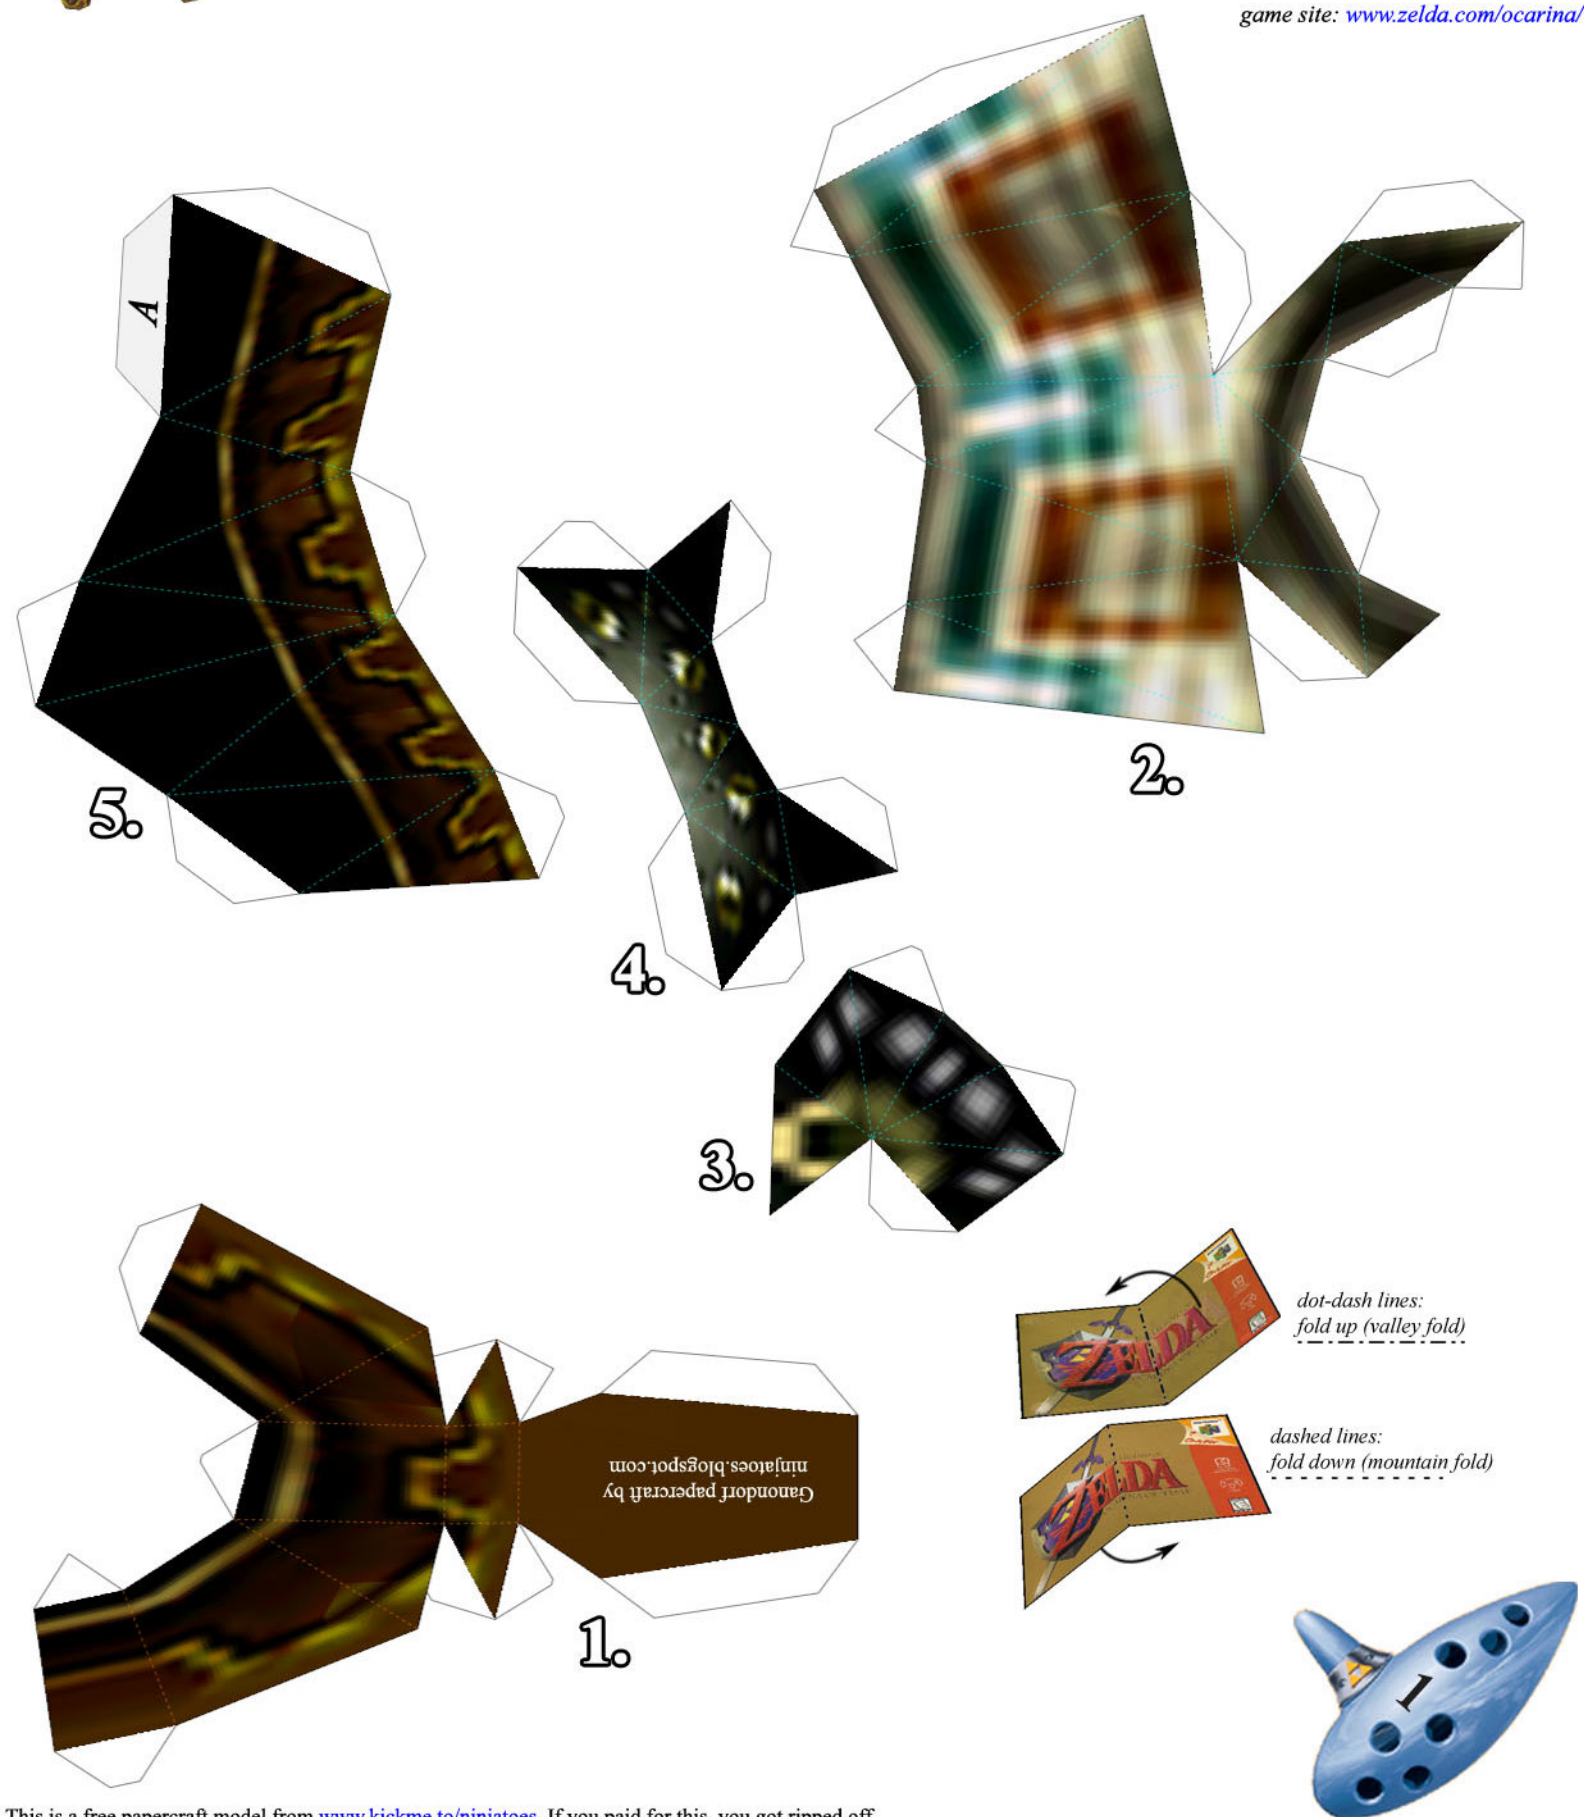

Mostly a race of female warriors and thieves, only once every hundred years a male child is born to the *Gerudo*: the future King of the tribe. (enter *Ganondorf*)

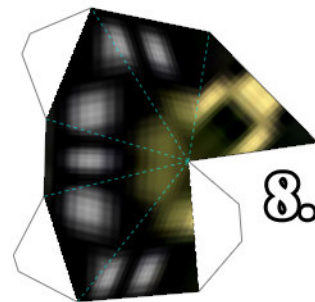

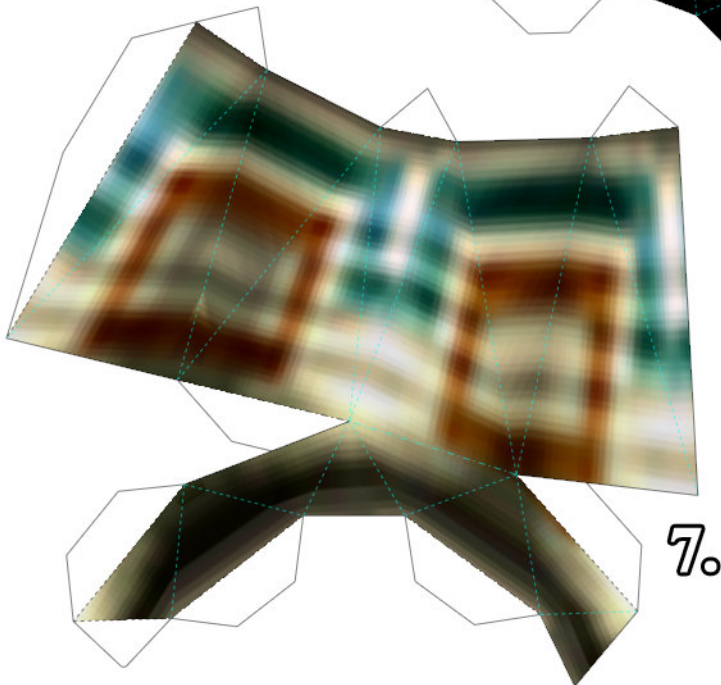

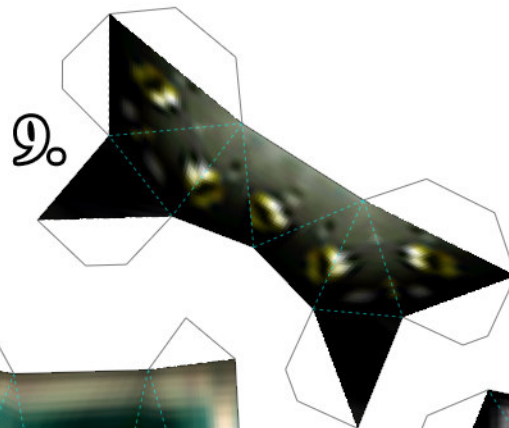

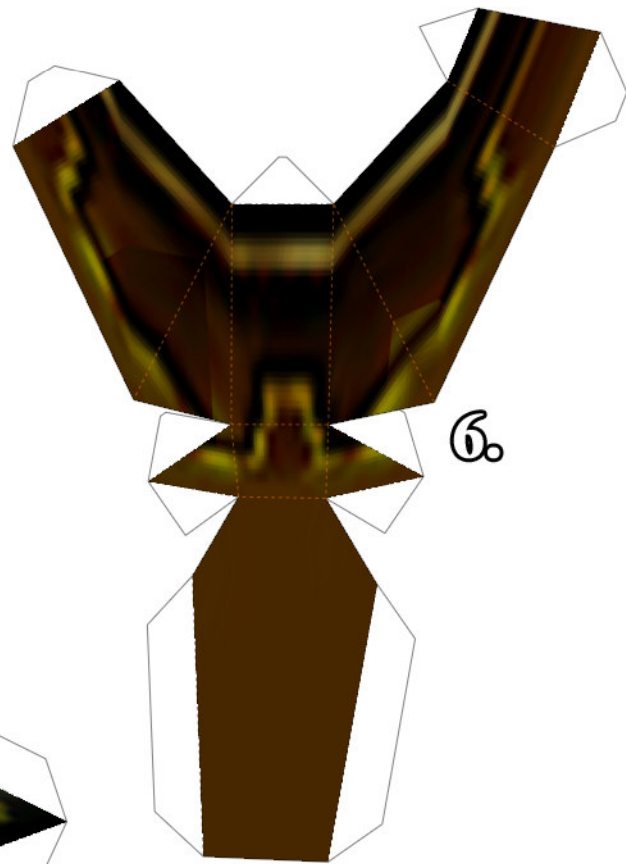

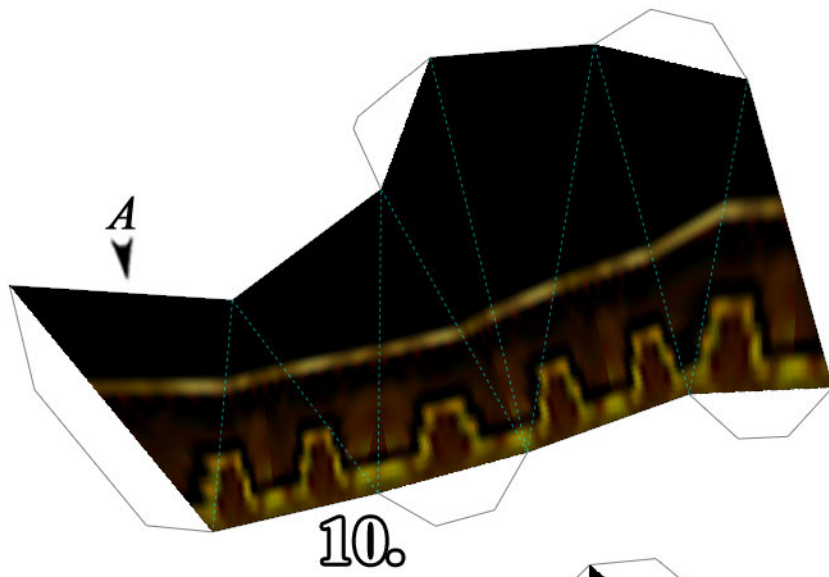

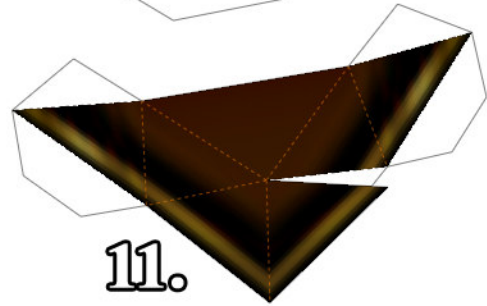

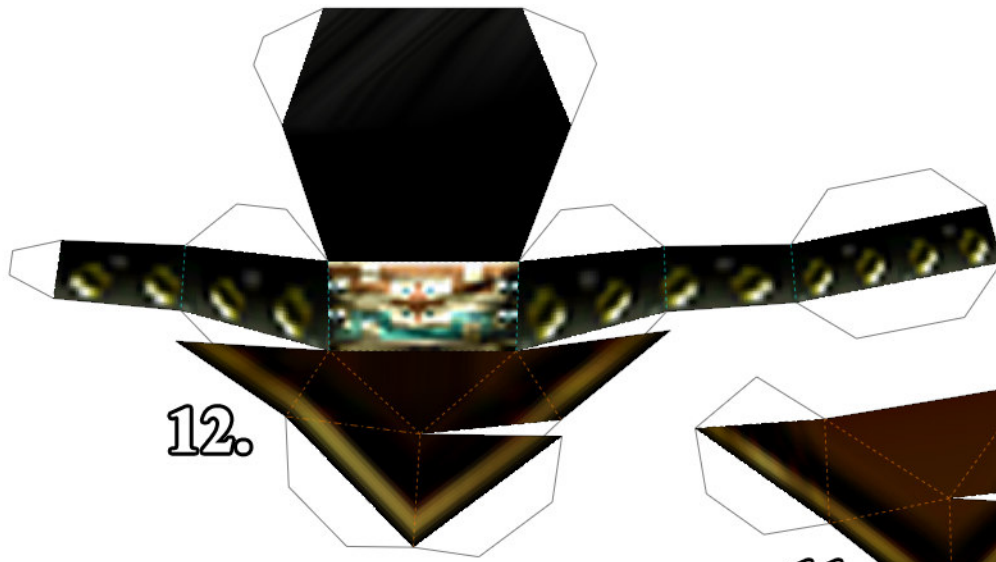

Besides possessing great physical strength, *Ganondorf* is also a powerful sorcerer. But *Ganondorf* wants what all men with power want: more power. He manipulates Link into getting the three *Spiritual Stones* so he can gain entrance to the Sacred Realm, where he seizes the Triforce of Power and becomes virtually unstoppable...

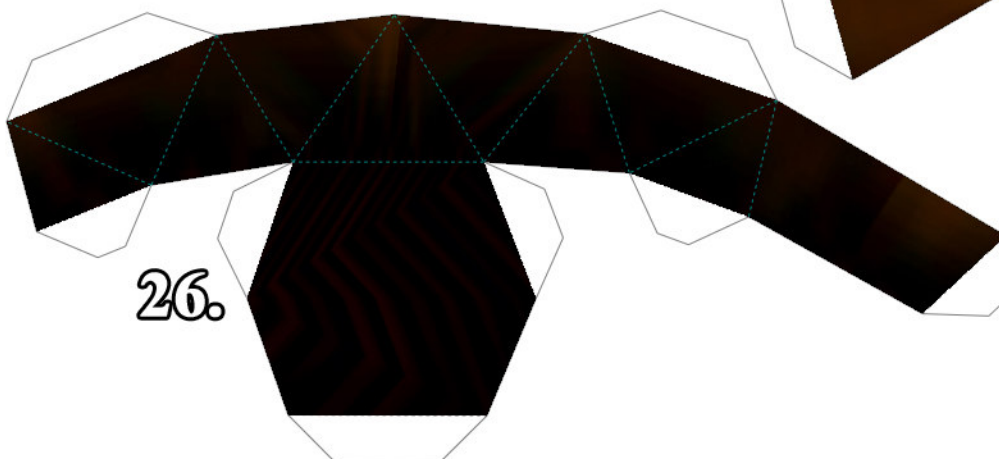

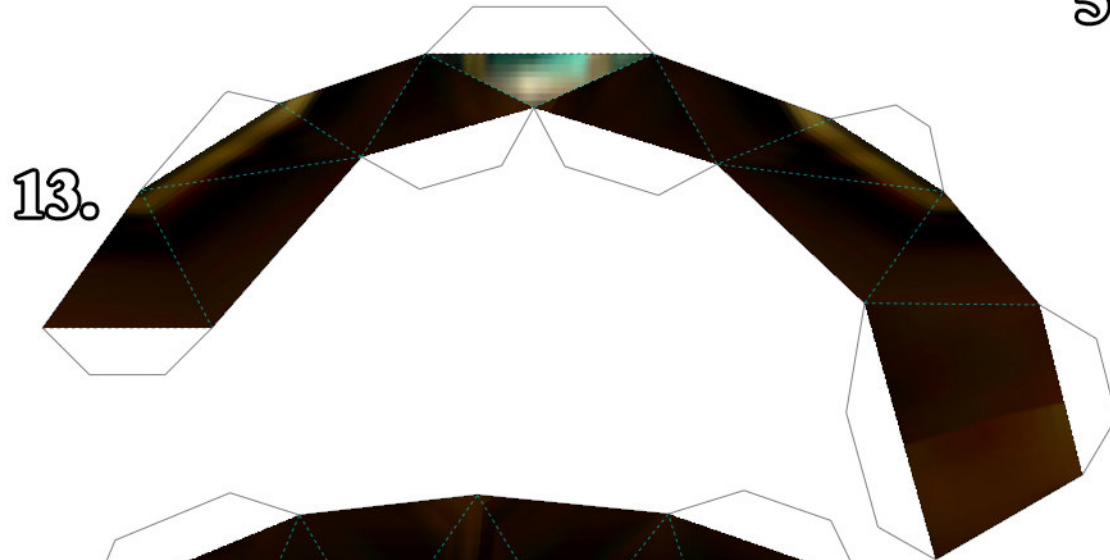

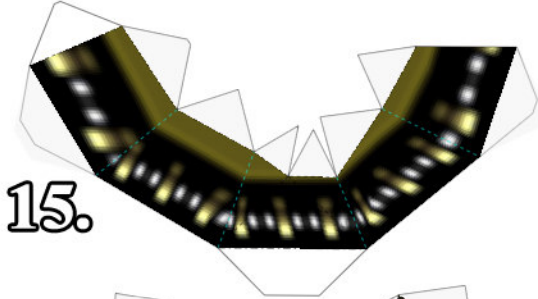

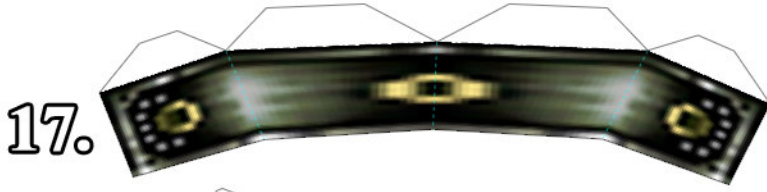

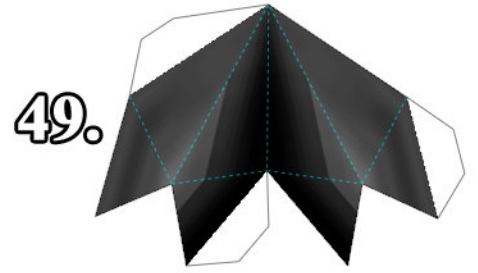

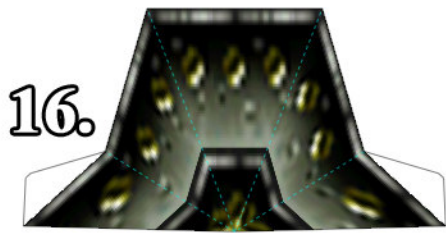

It is only after an epic journey that you can finally confront *Ganondorf* himself in *Ganondorf's Tower*. By then, you have become pretty powerful yourself, so you *do* stand a chance against the Great King of Evil, and you might even succeed in defeating him..!

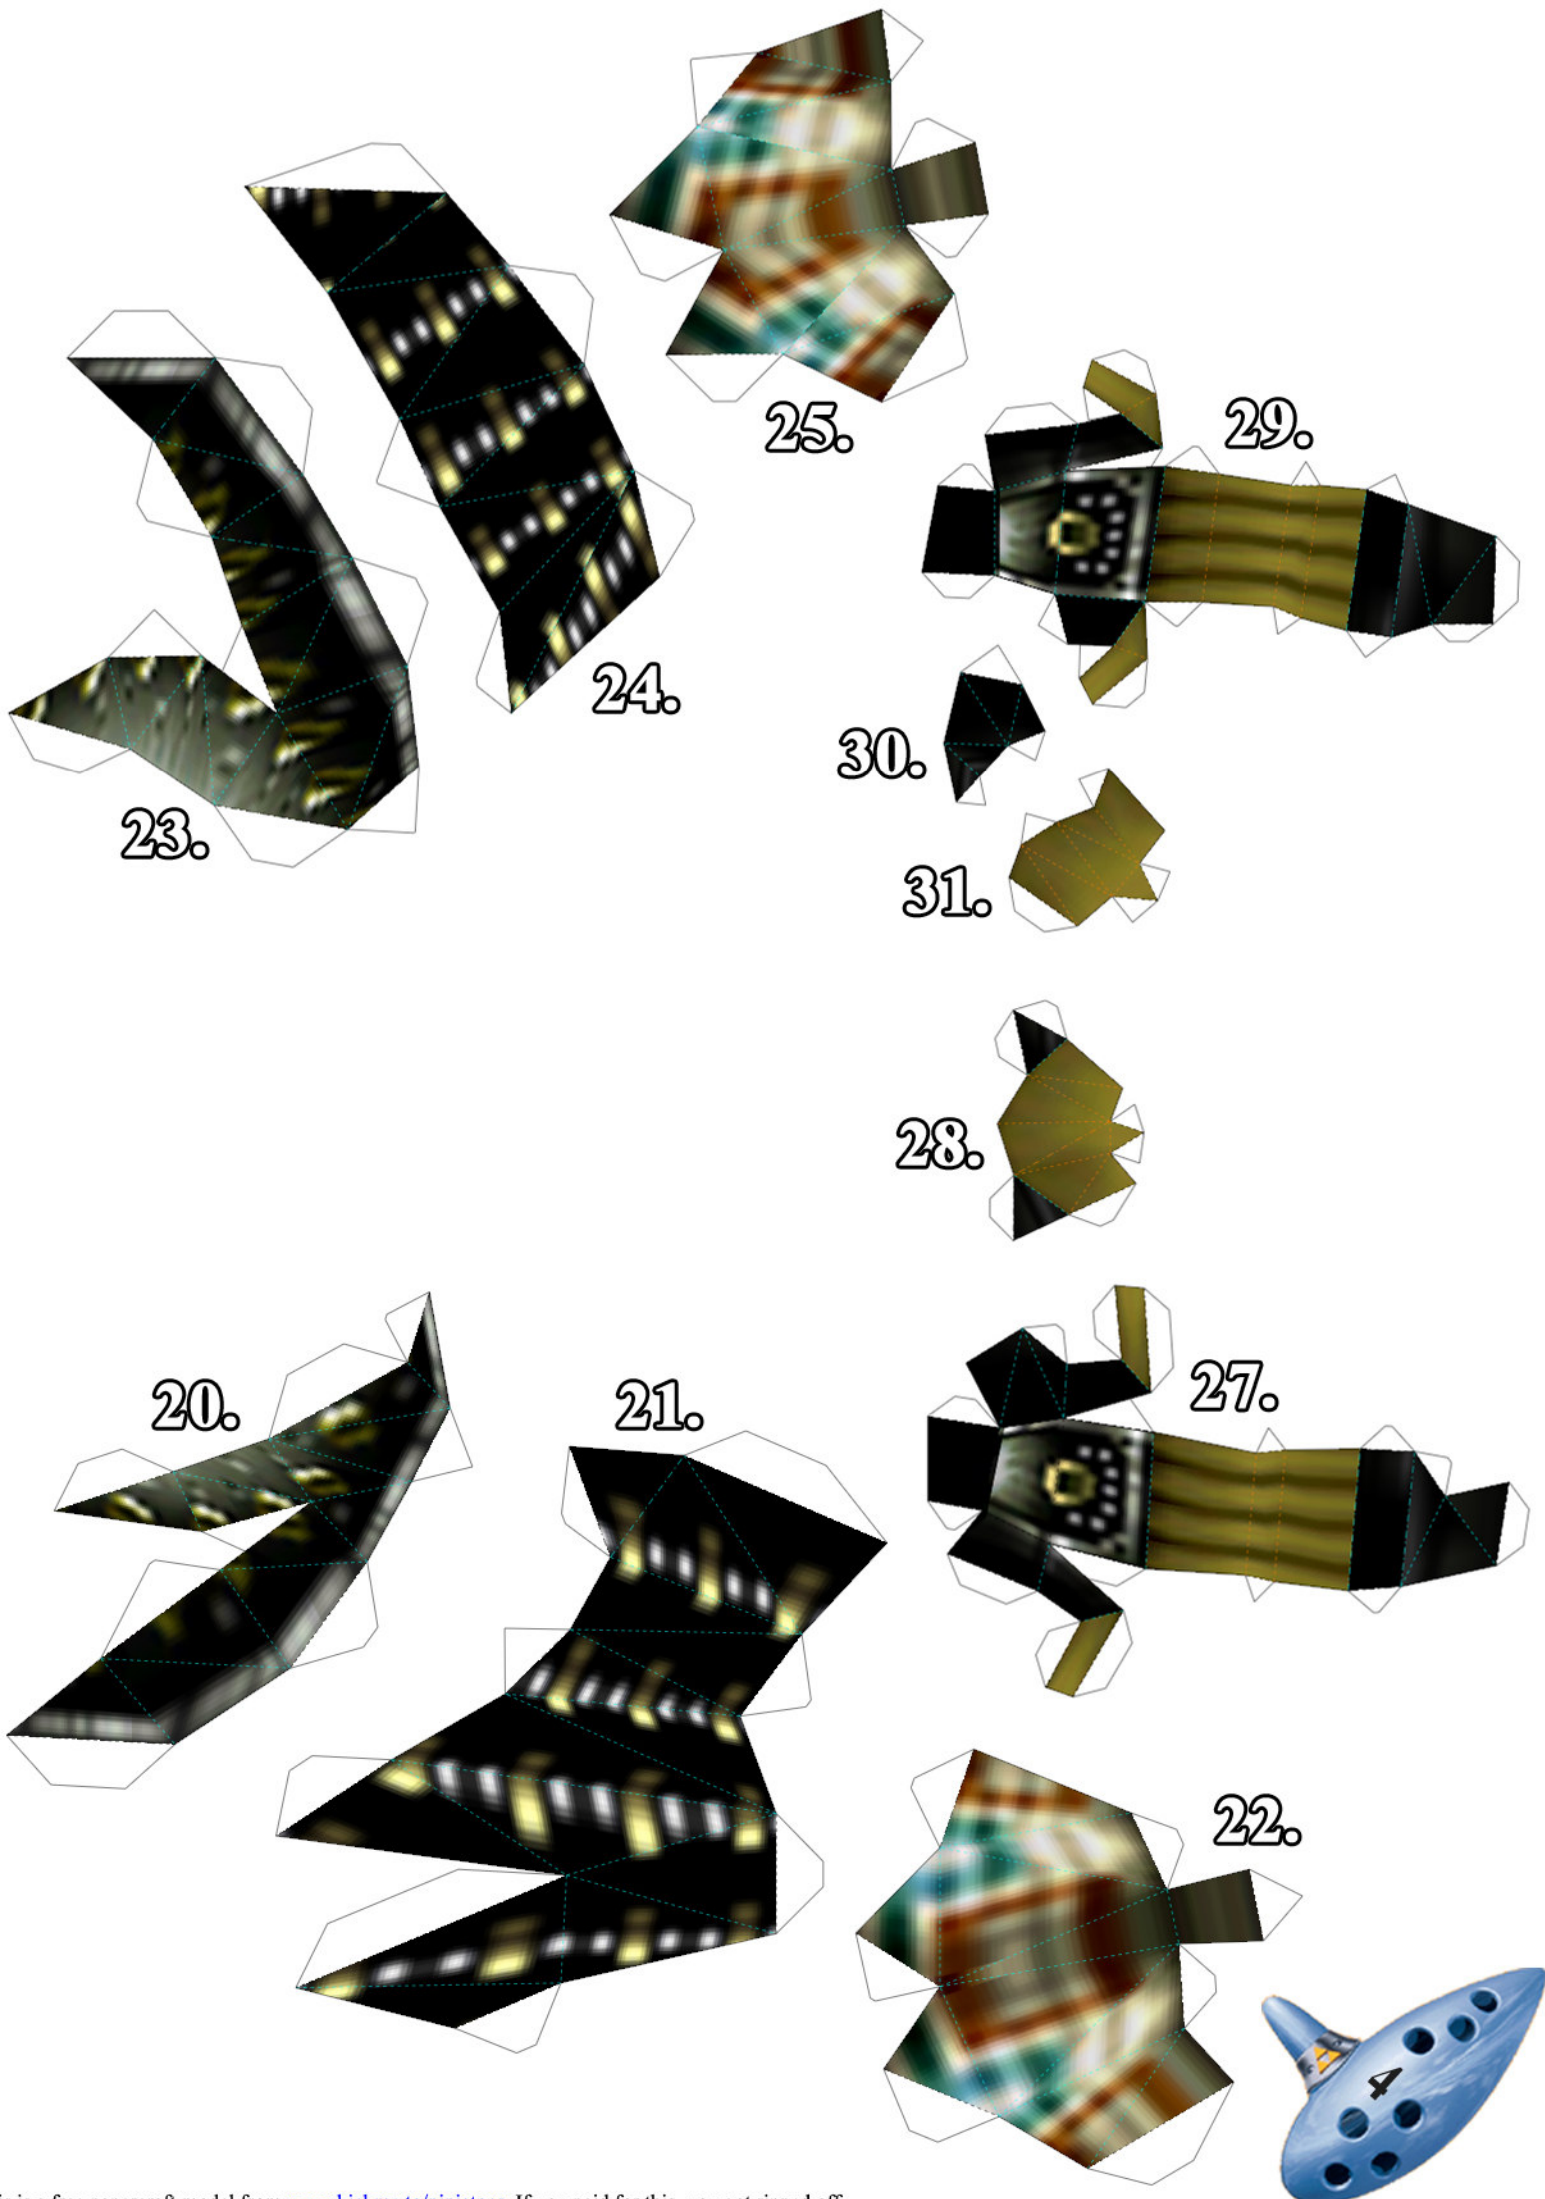

But don't forget, *Ganondorf* wouldn't be a super evil bad guy, if he didn't have a trick up his sleeve...
