

ZORA

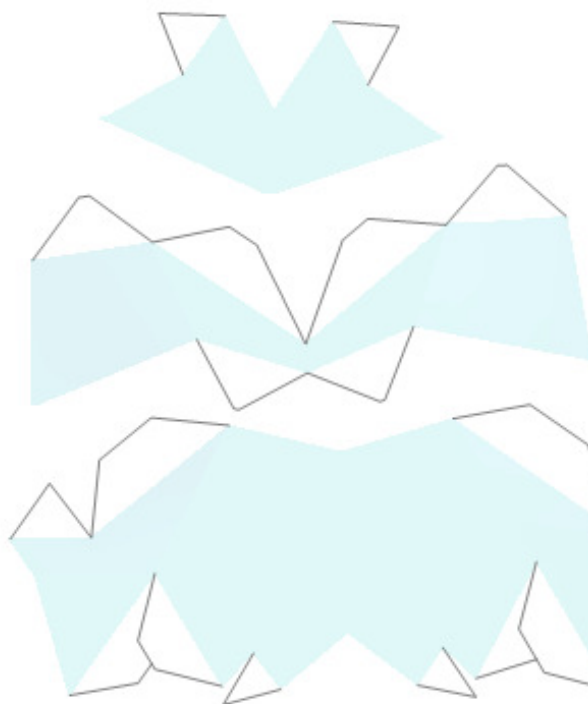

By Xenonray

An aquatic race of fish-like humanoids who live near bodies of water such as Zora's River in Hyrule and the Great Bay of Termina.

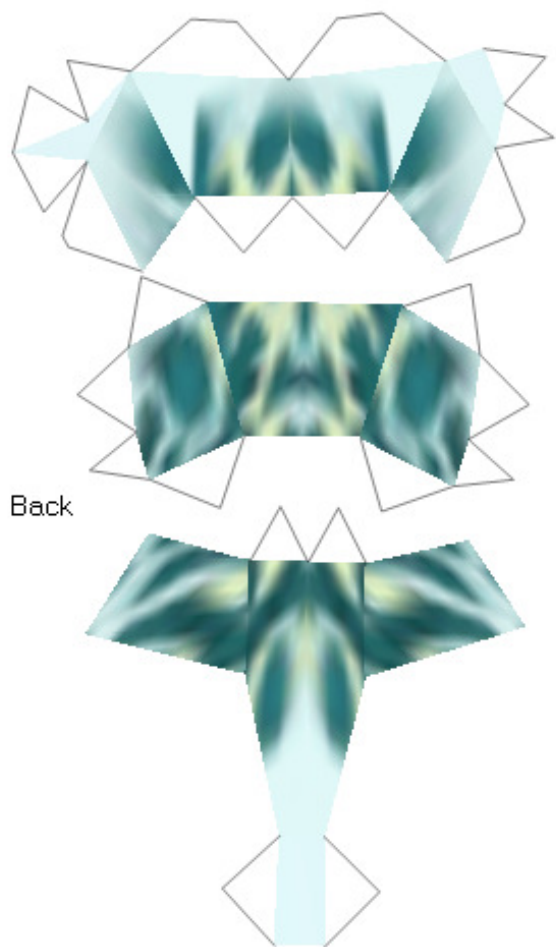

Collar Bone and Shoulders

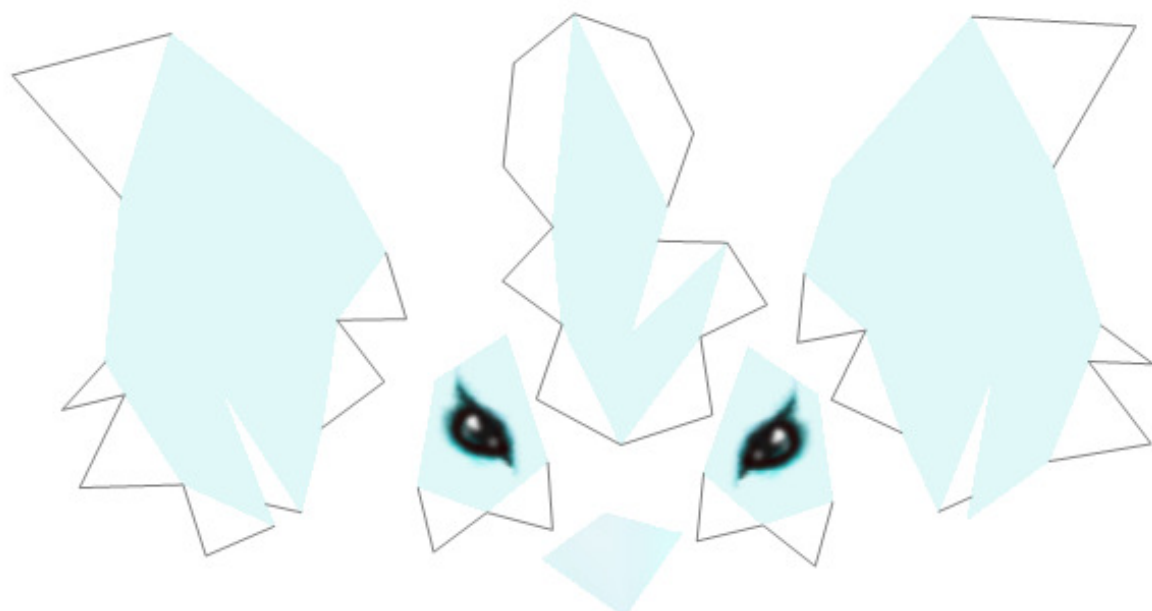

Chest

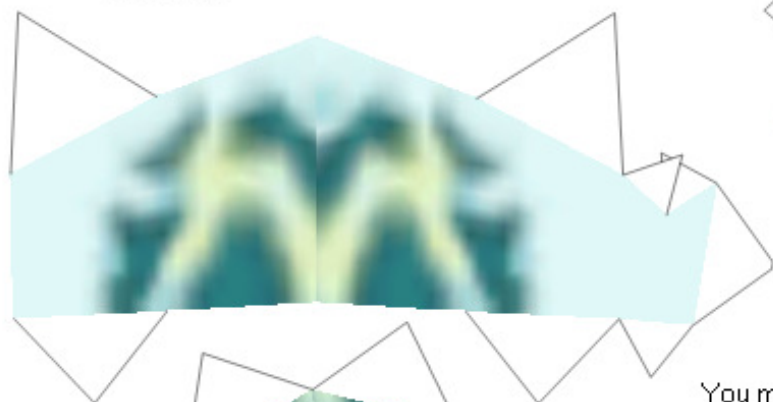

Stomach

Back

Head Tail

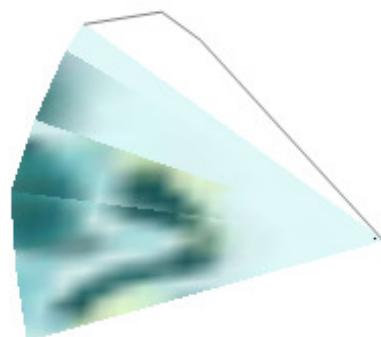

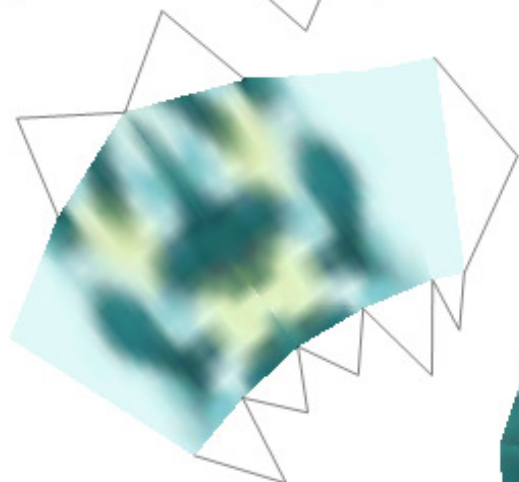

Face and Front Head

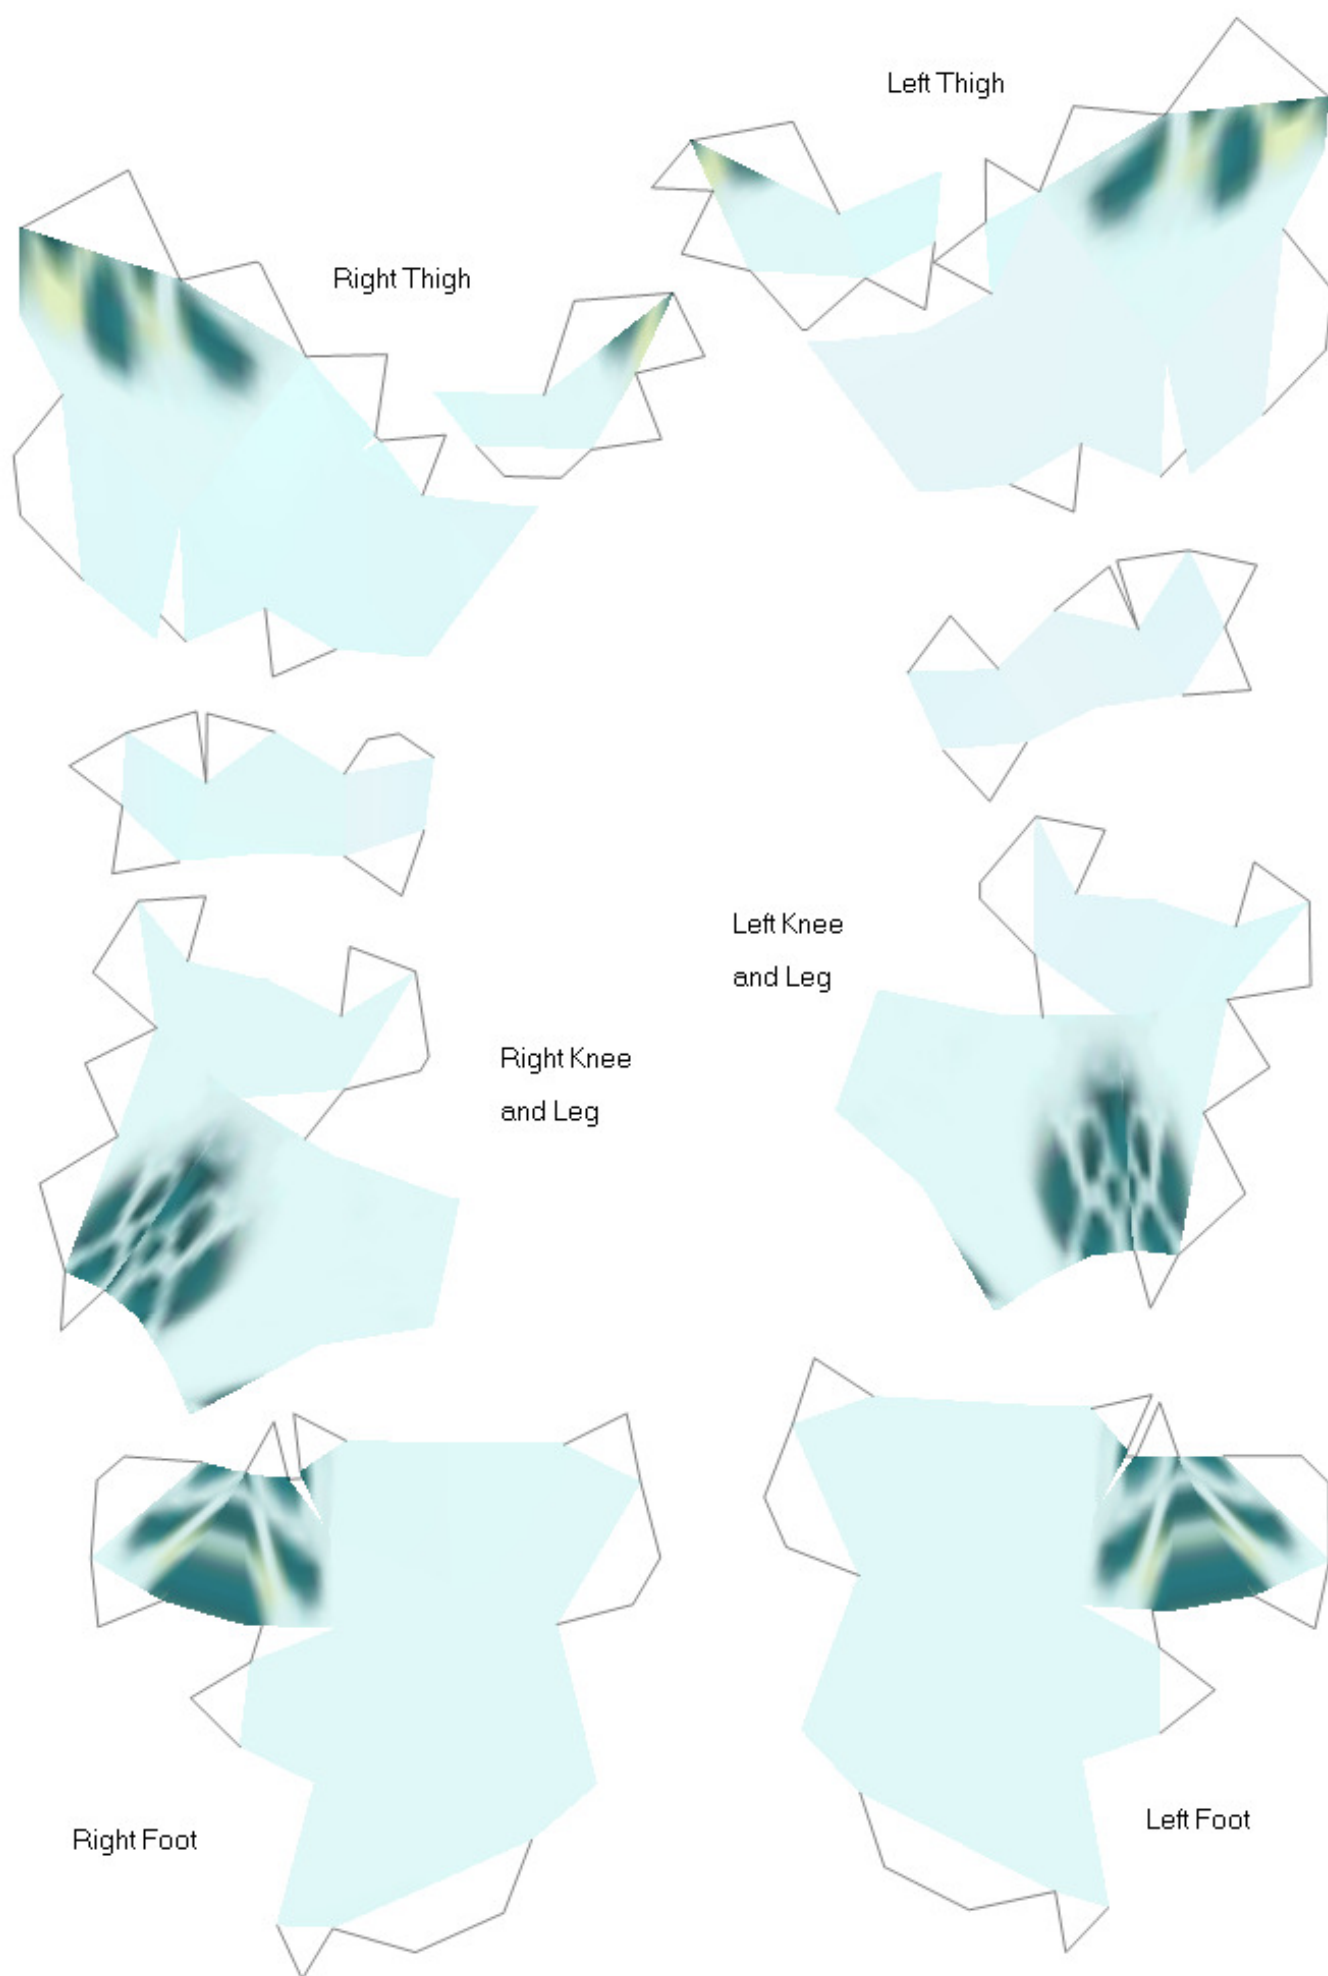

You may want to delay assembling the head-tail segments until the head is glued onto the neck.

This will allow you to put your finger inside the head to secure the small neck tabs.
