Cut out and assemble part 7 as shown here.

**step 11**

Cut out and assemble part 8 as shown here.

**step 12**

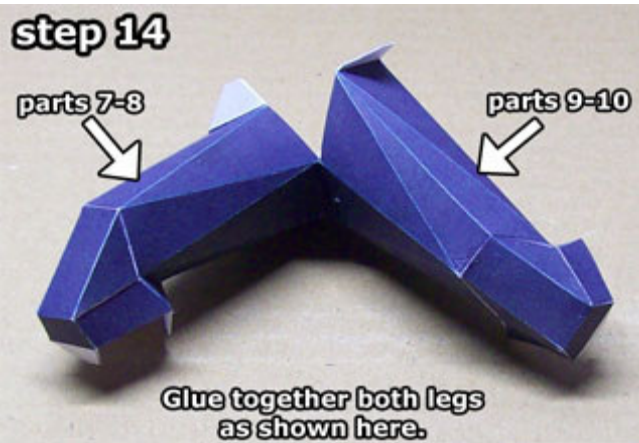

glue together parts 7 and 8 as shown here.

**step 13**

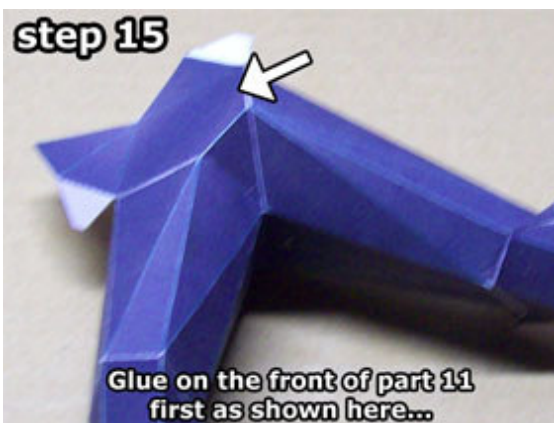

Assemble and glue together parts 9 and 10 the same way.

**step 14**

Glue together both legs as shown here.

**step 15**

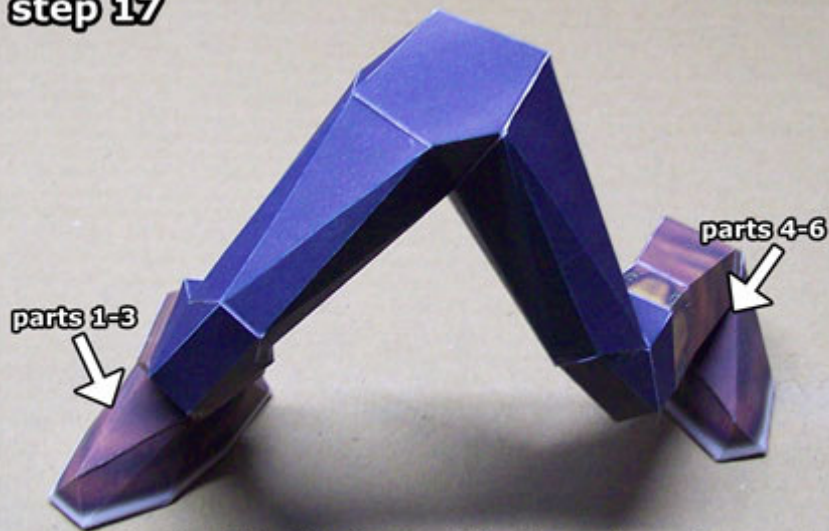

Glue on the front of part 11 first as shown here...

**step 16**

...and then glue together the back.

**step 17**

Glue together the legs and boots as shown here.  
Make sure both boots rest flat on the surface.

## **Fierce Deity Link** **part 3: bottom tunic**

**step 18**

Cut out and assemble  
part 11 as shown here.

**step 19**

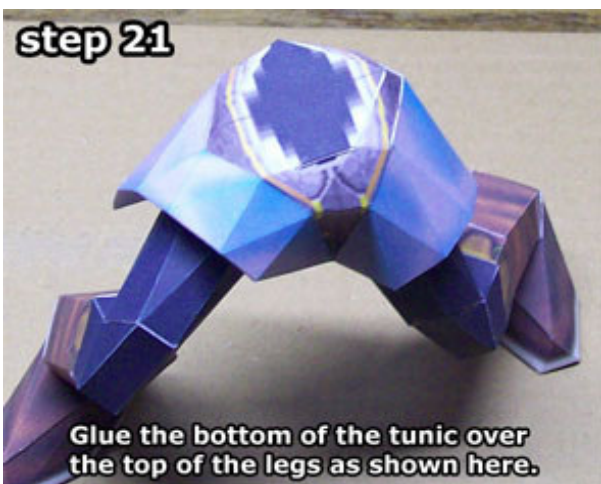

Cut out and glue on part 13  
as shown here.

**step 20**

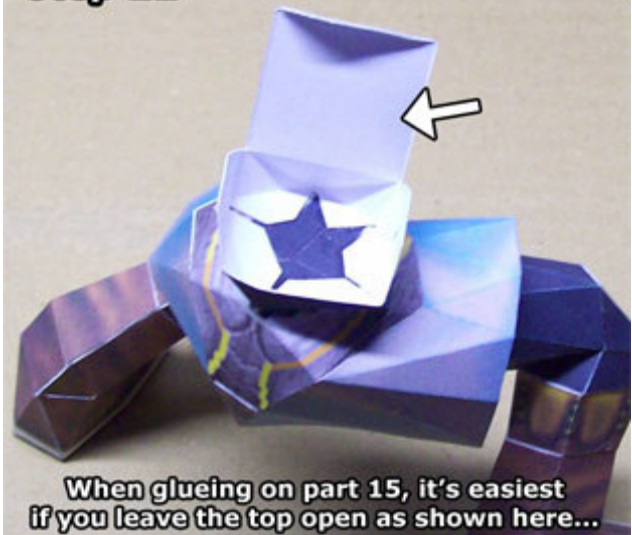

Cut out and glue on part 14  
as shown here.

**step 21**

Glue the bottom of the tunic over  
the top of the legs as shown here.

**step 22**

When glueing on part 15, it's easiest  
if you leave the top open as shown here...

**step 23**

...and only close it when  
you have glued on the belt properly.

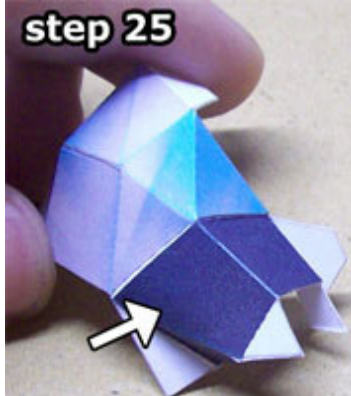

## **Fierce Deity Link** **part 4: torso**

**step 24**

Cut out and assemble  
part 16 as shown here.

**step 25**

Cut out and glue on  
part 17 as shown here.

**step 26**

part 18 as shown here.

**step 27**

Cut out and assemble  
part 19 as shown here.

**step 28**

Cut out and assemble  
part 20 as shown here.

**step 29**

Glue together parts 19  
and 20 as shown here.

**step 30**

Assemble and glue on  
part 21 as shown here.

**step 31**

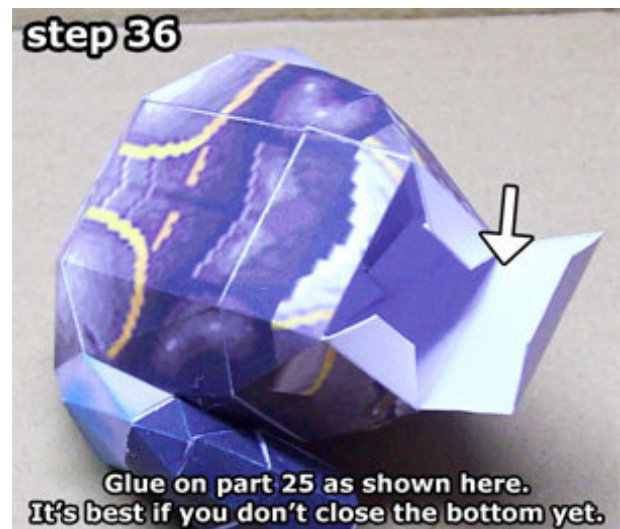

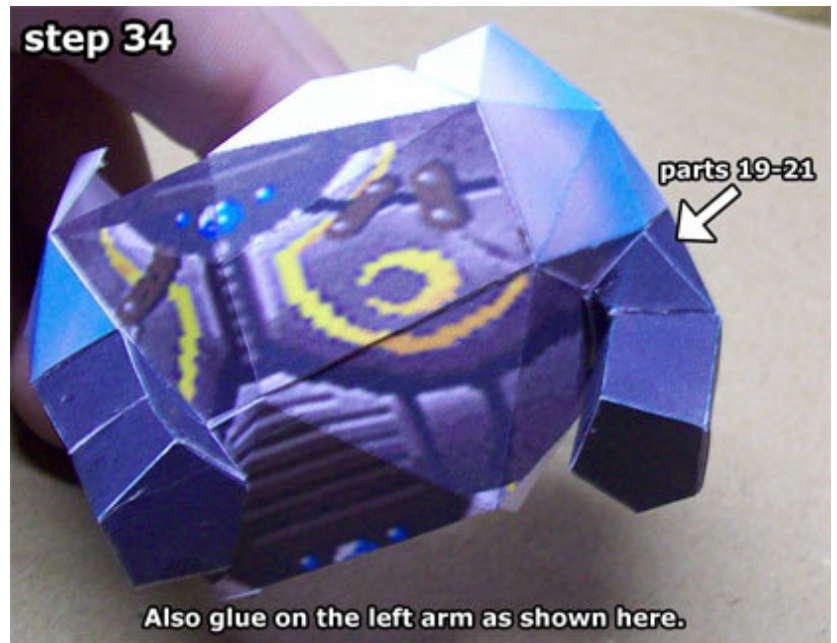

Cut out and assemble  
part 22 as shown here.

**step 32**

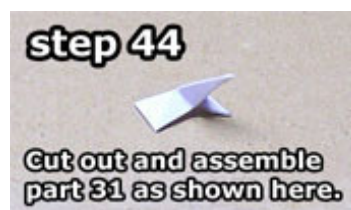

Cut out and glue on  
part 23 as shown here.

**Fierce Deity Link**  
part 5: head

### step 46

Cut out and assemble part 32 as shown here.

### step 47

### step 50

Glue together the back of part 35 as shown here...

### step 51

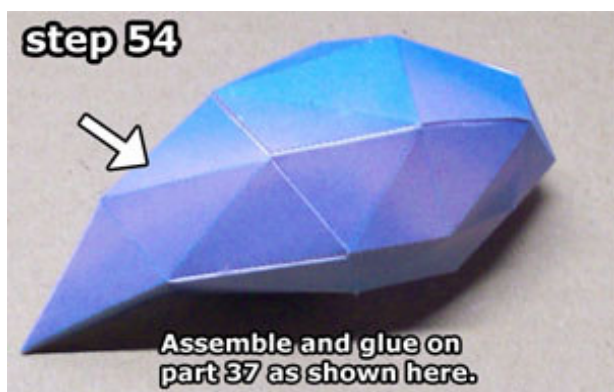

...and then glue part 35 to the top of the head as shown here.

### step 52

Now glue the head on top of the neck (you know, where it normally goes) as shown here.

### step 53

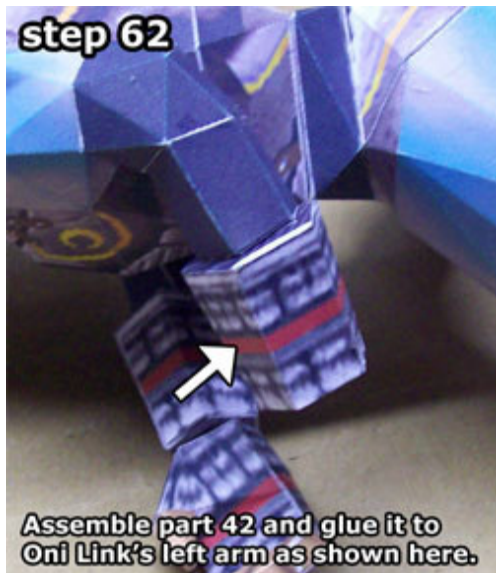

Cut out and assemble part 36 as shown here.

## **Fierce Deity Link** **part 6: hands**

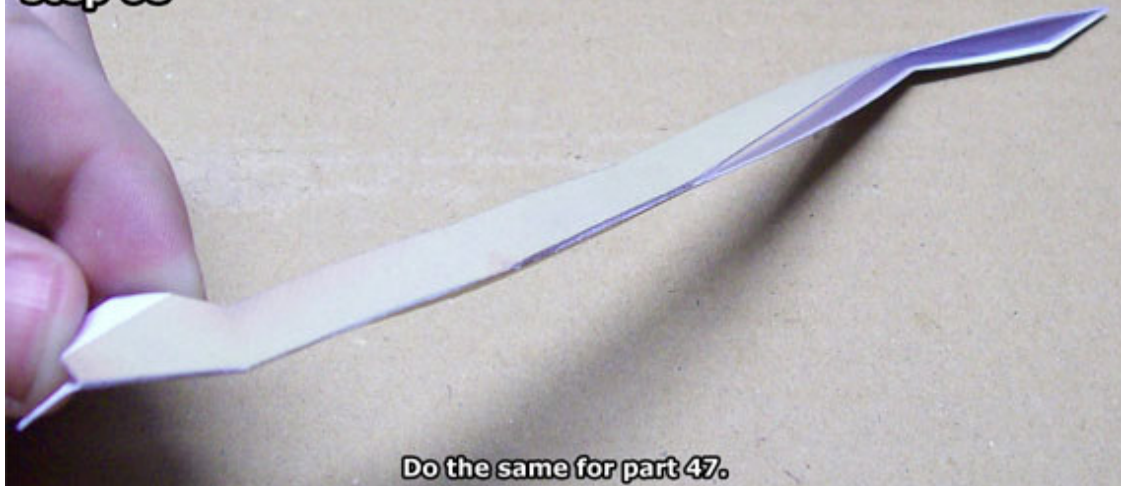

## **Fierce Deity Link** **part 7: sword**

**step 68**

Do the same for part 47.

**step 69**

Now thread one part of the sword through the "loop" on the other one...

**step 70**

...and then glue together the ends end base of the double helix.

**step 71**

Cut out and assemble part 48 as shown here.

**step 72**

Glue the hilt of the sword to the base of the double helix blades as shown here.

## **Fierce Deity Link** part 8: completion

**step 73**

Now place the double helix sword in Oni Link's hands.

Oni Link's stance is quite wide, but if he keeps tumbling over, adjust the legs, arms, hands and thumbs so that the sword points closer to Oni Link's body.

If all else fails, make the sword out of lighter regular paper, put some weight in his shoes or glue him to a thick and heavy base.
